

M/Y OCEAN SAPPHIRE

M/Y OCEAN SAPPHIRE

This luxury motor yacht, designed by world-renowned architect Sir Norman Foster and built by the Italian shipyard Rodriguez Cantieri Navali, has four deck levels offering more exterior and interior space than any other yacht in her category.

Special attention has been paid to the quality of light and the views from all areas of the yacht, including the master suite's two private balconies which benefit from spectacular forward-facing views.

The interiors have been furnished with great attention to aesthetics, practicality and luxury. Taking advantage of the floor-to-ceiling windows and panoramic views, a sense of continuity between the exterior and interior spaces has been intuitively created.
